EASTBOUND ROUTE 30 ON-RAMP TO NORTHBOUND I-215 TO CLOSE AT NIGHT

Beginning May 23, State Route 210 construction will require the night closure of the eastbound Route 30 loop ramp to northbound Interstate 215. The closure will occur from 9 p.m. to 5 a.m., Monday through Friday of that week. The following map highlights the location and suggested detour for this temporary closure.

The temporary night closure will allow construction crews to widen Route 30 in preparation for the connection to the new Route 210. As a detour during the closure, eastbound drivers on Route 30 should continue past the loop ramp, exit at H Street, turn north on H and use westbound Route 30 to reach northbound I-215.

Future closures of this ramp will be necessary; separate notification will be provided at that time. For more project information, please call the toll-free Route 210 helpline at 1-866-HELP-210. Please drive carefully around the construction sites, allow extra travel time, follow posted signs and use the posted detour routes.

Remember, **Safety: It's no accident!**
